DAHLIAS**

C. B. Weiss
Magill

Season 1939

South Australia

TO MY MANY CLIENTS.

No doubt old and prospective clients will be interested to know that Koongarra Dahlias have been even more successful than usual at leading 1939 shows, not only in S.A., but also elsewhere, hundreds of first prizes, championships, etc., having been reported. I am also very proud to be able to say that four more Koongarra releases were placed last year on the American Honour Roll. Truly a meritorious performance!

A few of the large number of unsolicited testimonials received.

The dahlias have been flowering for some time and I would like to state that the quality is beyond expectations. I am more than satisfied with them and will certainly obtain some more.

Rockhampton, Q.

A. Bartholomew.

Anakie, Vic.

I was very pleased with the dahlias. They arrived in excellent condition.

W. R. Curry.

Donnybrook, W.A.

The dahlias arrived in good order and were beautifully packed. They are all growing nicely.

W. Cook.

Exhibitors: Only the best can give such results, so don't be misled by purchasing cheap, inferior stock!

DAHLIA SEED (approximately 50 in each packet).

My seed I can claim to be the best in Australia, it being saved from the best exhibition varieties only, such choice dahlias as Koongarra Beauty, Mrs. M. Weiss, Mary Shinkfield, Golden Prince, Koongarra Gem, and many others having been obtained from it; in three grades:

No. 1: General selection in any type: 1/6 and 2/6 per packet.

No. 2: Special exhibition strain, any type: 3/6 per packet.

No. 3: A limited quantity from selected and proved seed-parents, large types (named): 5/- per packet.

VARIETIES RECOMMENDED.

I would suggest, for the benefit of intending purchasers, the following varieties as being amongst the very best for exhibition:

Decoratives: Adirondack Sunset, Angelo Rossi, C. L. Mastick, Chautauqua Regal, Margrace, Duke of Windsor, Hazelrova, Xantine, Zanthic, Genl. J. Introduction and Conditions of Sale

In presenting this new catalogue of dahlias I wish to thank all my numerous patrons for their past support, and, in soliciting a recurrence of their esteemed patronage, to assure them and all new clients that their wishes will always receive my closest personal attention.

This list has been brought right up to date with the best varieties from all dahlia-producing countries, and is the most comprehensive and balanced collection in the Commonwealth, it being my aim to please all dahlia lovers, both those who grow dahlias primarily for garden and home decoration, as well as the most discriminating exhibitors, who will find within a rare collection from which to choose.

All novelties have been tried and proved in my nursery, and, while your local conditions may cause some variation, those catalogued can be confidently relied upon, the descriptions being as faithful as possible and quite unexaggerated. Do not be discouraged if a variety does not do well with you the first year; try it again, as some need to be acclimatized, or the season may not have suited it.

All are guaranteed and true to name, and all divisions, pot roots, and plants are from sound, healthy stock, field grown, and not over stimulated in any way. It is well known that such stock will give more vigorous plants than that which has been highly forced and stimulated. Purchasers can, therefore, confidently rely on Koongarra stock.

COLLECTIONS.

Collections of named dahlias (any type), my selection, are made up at any price from 10/- to 40/- per dozen. They are the best value obtainable in dahlias to-day, and represent a reduction on catalogue prices. For those who are not thoroughly conversant with the varieties listed, I would advise that the selection be left to me, and if I am informed of the colours, price, and types desired, and whether they are required for garden or exhibition purposes, I will send only those capable of giving complete satisfaction.

All dahlias supplied are guaranteed and true to name.

SUBSTITUTION.

If I am unable to supply any variety asked for, it is customary for me to substitute a similar one, as good as or better than the one named, at no extra cost, and this practice will be followed unless I am advised to the contrary, in which case please add some extra names as second choice.

GUARANTEE.

All dahlias are guaranteed good and sound when they leave me, and with at least one "eye." Should, however, any be damaged in transit, I will cheerfully replace them, free of charge, if returned to me and postage is sent, **but no complaint will be entertained unless received within seven days after despatch.** In all branches of gardening there are always some disappointments, due to causes beyond control, such as adverse weather conditions, soil pests, inexperienced planting, cultivation, etc., which renders it impossible for me to guarantee your success, but I do guarantee to fulfil your orders with sound, healthy stock.

COUNTRY AND INTERSTATE ORDERS.

Country and interstate orders, unless freight can be paid the other end, should have 1/6 per dozen added for postage or railage to the country, and 2/- per dozen for interstate.

PACKING.

Each tuber (or plant) is packed in moss and separately wrapped, a system which ensures every dahlia arriving in perfect condition, even after travelling long distances.

TERMS.

Strictly NET cash on delivery, or with order from country or interstate clients. **Exchange must be added to country and interstate cheques.**

These, and on page 2, are my only Conditions of Sale, and, in ordering, clients automatically accept same.

New Exhibition Decoratives

AND SEMI-CACTUS OF SPECIAL MERIT

In all cases tubers are available, but in some instances they are very limited, so early reservation is necessary, as orders are supplied strictly in rotation. All varieties promised prior to despatch are subject to stocks being available, as there is always a small amount of wastage through decay, failure in "starting," etc. If tuber stocks become depleted, green plants will be sent.

ABBREVIATIONS.

(F.D.) Formal Decorative; (I.D.) Informal Decorative; (S.C.) Semi- (or Hybrid) Cactus, over 7 inches; (G.C.) Garden (or Semi- or Hybrid) Cactus, under 7 inches. Some may be right on the border-line between two types, and may vary under different conditions, but this classification is as accurate as possible. All are stiff-stemmed.

Recent "Koongarra" Specials

The following are exclusively "Koongarra" Specials, raised or released by me, and maintain and conform to the highest standard set by former "Koongarra" releases. Their quality is undoubted, and all have blue Ribbons, Certificates, or First Prizes to their credit.

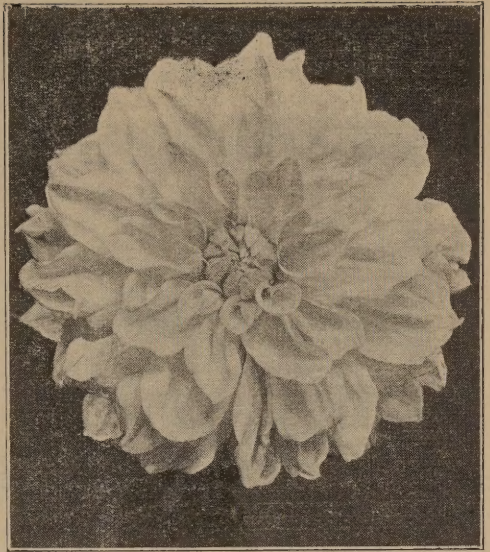

- AGNES FOSTER** (I.D.)—A meritorious introduction similar to and quite as good as "Kathleen Norris." Of largest size and perfect form, carried facing one on extra strong stems. Clear pink, shaded orchid. Winner of many championships 3/6
- ALICE M. THUMMLER** (G.C.)—One of the finest yet introduced. Of perfect exhibition type and great depth, carried on very long, stiff stems, medium to large in size. Colour: glowing salmon rose 3/6 net
- GLORIA** (I.D.)—A grand variety from South Africa, of perfect exhibition form and largest size, with long, very stiff stems. The colour is outstanding—intense fiery orange 3/6 net
- GOLDEN BANNER** (I.D.)—A brilliant variety of deep golden yellow throughout. Of largest size and great depth and substance, well carried out of the sturdy bush on good stems. Very broad petals building up a flower of perfect exhibition type, which keeps its form and centre till the late season. Much deeper in colour than all other yellows. Extra 7/6 net
- GOLDEN FEATHER** (G.C.)—One of the daintiest and most free-flowering in this class, and indispensable either for vase or show purposes. Colour: rich, golden yellow, outer petals suffused bronze. Grand stems 2/6
- KOONGARRA IDEAL** (I.D.)—Very large and one of the best yet offered. Petals very broad, twisting at tips. Colour: deep blood red. Extra 5/- net
- LADY GRAAFF** (I.D.)—An immense, well-formed flower of great depth and substance, freely produced on long, erect stems. Colour: light lavender-mauve, paler in centre. A very reliable South African novelty of great merit which is indispensable to the exhibitor. Good early and late. A real winner 7/6 net
- LADY TOTTENHAM** (I. to F.D.)—Another South African variety of perfect type and largest size, which is always reliable and keeps its centre well. Clear rose pink with broad petals twisting slightly at tips but some blooms almost formal in type. A grand dahlia which cannot be too highly recommended. Splendid stems 7/6 net
- MARY SHINKFIELD** (F.D.)—An immense, perfectly-formed variety of great depth and a new rare colour—soft yellow, suffused and tipped bronzy-terracotta. Medium, sturdy grower with very stiff stems. A winner wherever shown 3/6
- PRINCE OF ORANGE** (G.C.)—A pure apricot-orange sport from the well-known "Miss Belgium," identical in habit with its parent. Medium in size and very free, with stems very long, clean, and upright 2/6
- ROSE BEAUTY** (I.D.)—Pure rose pink, of largest size and perfect exhibition type, carried on splendid stems. Broad petals twisted at tips. Just the type to attract judges' attention 3/6 net

SALMON SUPREME (F.D.) — A South African variety of large size and splendid form, with long, stiff stems. Exquisite salmon in colour. Extra 3/6 net

THE BRIDE (I.D.)—The champion white exhibitors have been awaiting. It took this honour first time it was shown. Can be grown up to 12 inches, with corresponding depth. Perfectly formed, on long, strong stems 3/6 net

VIANA'S FANCY (I.D.)—A vigorous variety of large size and best exhibition type, on stems long and upright. Yellow, striped crimson 2/6

VIOLET GEM (F.D.)—A very large and deep variety of rosy-mauve, heavily flushed violet; 10-inch blooms of splendid exhibition form can be obtained on strong, upright stems 3/6 net

"Mrs. G. H. Milles"

Very New and Very Special!

NINE WONDERFUL NEW DAHLIAS

(Tubers Very Limited)

ANDRIES SUPERBA (G.C.)—A gorgeous novelty, of rich carmine red. Of perfect exhibition form on very long, slender, but upright stems. Winner of high European awards. A gem! Tubers, 5/-; plants 3/6 net

BIM BAM (S.C.)—A large, well-formed variety of perfect form and splendid exhibition type, lovely golden-apricot in colour. Sturdy grower with very long, erect stems. This is one of the very latest and most successful European varieties. A marvellous novelty, but very scarce.

Tubers, 7/6; plants, 5/- each

KENTUCKY SPORTSMAN (I.D.)—One of the most spectacular we have ever seen. Of extreme size and faultless exhibition type, on perfect long stems. A tricolour—centre yellow, with outer sixty per cent. of petals rich golden amber, every petal evenly and distinctly tipped white. Sturdy plant and free bloomer, with great substance. One of the most brilliant and best ever offered 7/6 net

MISS SYLVIA (G.C.)—An exquisite variety of a rare new shade of rich orange-henna, freely produced on extra long, erect stems. Medium to large in size. Grand either for show or cutting 5/- net

MRS. FRED DOWNER (G.C.)—One of the most perfect exhibition Garden Cactus yet introduced. Medium to large in size, freely produced and correctly carried on perfect long stems. All blooms true to type with faultless centres. In colour an exquisite rosy-mauve. Very highly recommended and undoubtedly the best new G.C. of the year. Extra 5/- net

MRS. G. H. MILLES (F.D.)—A variety possessing every good quality—extreme size, great depth, perfect form and substance, and a glorious colour of glistening golden-bronze! All blooms perfect, never showing centre, and correctly borne on extra long, very stiff stems. A South African novelty of extreme quality and refinement, which cannot be too highly recommended
Tubers, 10/-; plants, 7/6 net

OLYMPIC FIRE—A delightful bedding dahlia of "Bishop of Llandaff" type, but much superior, with deep-bronze foliage and perfect flowers of brilliant orange, with black centres. A gem 3/6 net

SUNRAYS (I.D.)—A giant variety 11 to 12 inches in diameter, with great depth and substance and perfect exhibition form, carried on excellent stems. Buff, with apricot suffusion and peach-red reverse, resulting in a rich, dark centre. Achievement Medal winner and altogether one of the finest ever offered
7/6 net

WM. R. SHINKFIELD (I.D.)—An immense 12-inch bloom of great depth and substance, perfectly carried on extra long, stiff stems. Strong grower with all blooms perfect and reliable. Petals broad, slightly twisting at tips and forming an exhibition bloom of rare quality. In colour, rich gold with darker shadings and peach reverse, giving a rich glow to the always-closed centre. A Koongarra origination of great merit Tubers, 10/-; plants, 7/6 net

New American "Honour Roll" Dahlias

The following are the cream of the recent releases from U.S.A., which have been obtained at great expense. All have figured in recent American Honour Rolls. I have personally grown and flowered them all, and can highly recommend them, having discarded those imported which did not conform to our standards. Tubers very limited.

ADIRONDACK SUNSET (I.D.)—An immense, well-formed exhibition variety, of great depth, carried on long, strong stems, well above a strong growing plant. In colour, very striking—intense Oriental scarlet, shaded gold 3/6
